This background colour is Sumatra grey

- Material : polyvinyl chloride.
- Use : the sections are used as wall and ceiling cladding.
- Maintenance : It is advisable to use regular non-abrasive domestic cleaning products. Do not use solvents. When in doubt, ask your supplier.
- Downlights in Ceiling Panels: A specification is available upon request.
- Recycling : This product is recyclable.
- Environment : Do not mount PVC sections in poorly ventilated rooms and/or rooms in which an exceptionally high concentration of sulphur (in the form of H₂S, hydrogen sulphide due to the decomposition of organic substances) is present.
- Bright colours may fade slightly if exposed to direct sunlight.
- Batch Variation: There may be some slight variation in colour between batches.
